A woman is forced to question her own identity in this riveting and emotionally charged thriller by the blockbuster bestselling author of *The Good Girl*, Mary Kubica. Jessie Sloane is on the path to rebuilding her life after years of caring for her ailing mother. She rents a new apartment and applies for college. But when the college informs her that her social security number has raised a red flag, Jessie discovers a shocking detail that causes her to doubt everything she's ever known.

Finding herself suddenly at the center of a bizarre mystery, Jessie tumbles down a rabbit hole, which is only exacerbated by grief and a relentless lack of sleep. As days pass and the insomnia worsens, it plays with Jessie's mind. Her judgment is blurred, her thoughts are hampered by fatigue. Jessie begins to see things until she can no longer tell the difference between what's real and what she's only imagined.

Meanwhile, twenty years earlier and two hundred and fifty miles away, another woman's split-second decision may hold the key to Jessie's secret past. Has Jessie's whole life been a lie or have her delusions gotten the best of her?

Jason Aldean - When The Lights Go Out Lyrics | AZLyrics.com Baby when the lights go out Baby when the lights go out The only thing that I wanna do, is fall into you Baby when the lights go out Baby when the lights go out I wanna hear that want you sound On your lips when I lay you down (down down down) I wanna love you 'til there's nothing left. Where The Light Gets In Each night we endeavour to tell a story through a selection of plates. We offer no menu but instead create a dining experience from the day's catch, harvest and slaughter. Jason Aldean - Lights Come On Lyrics | AZLyrics.com When the lights come on You're a little shy thing with a wild side on a night like this it just can't hide 'Cause it's dyin' to live it up so come on and raise your cup If we talkin' 'bout memories yeah we gonna make 'em.

When to Turn Off Your Lights | Department of Energy Turning off fluorescent lights for more than 5 seconds will save more energy than will be consumed in turning them back on again. Therefore, the real issue is the value of the electricity saved by turning the light off relative to the cost of changing a lightbulb.
